#### **My computer's crashed**

Computer, computer,  
I love my computer.  
My printer, my keyboard, my mouse.  
I never have problems,  
I use it all day.  
I never go out of the house!

Computer, computer,  
I hate my computer.  
My modem, my disk drive, my screen.  
I always have problems,  
It's driving me crazy.  
Computers make me want to scream!
