Decorating a new flat

I've decided to redecorate my flat. I love wonderful vibrant/lurid colours so I'm going to paint/dye the living room a brilliant/subtle red colour. I've bought a new hall carpet, which is green with a hint of blue/with a bluish tint, and I'm going to give the hallway a new coat/level of paint to match. I've decided to paint the bedrooms white with a splash/riot of colour provided by red and blue cushions and throws – nothing too dramatic, though. I think colours in bedrooms should be restful/vivid.

6

Ask the students to imagine that they are going to redecorate their bedroom. Give them a few minutes to think about the questions, then get them to interview their partner.

7

Ask the students to write a description of their favourite room. You could set this for homework.
