### Level 2: Intermediate

*Forget draughty bunk rooms and awkward social encounters, hostels now provide home comforts and a sense of community which private rentals will never match.*

**Georgie Duckworth**

**20 January, 2026**

- 1 'Penguins? In Snowdonia?' I asked incredulously. "That's right!" came the enthusiastic reply from our newest hostel companion. We were standing in the large kitchen of The Rocks hostel in Capel Curig, chatting amiably while waiting for our teas to brew.
- 2 "Head up Moel Siabod to the lake, and that's where the penguins are. You'll see a sign warning about feeding them," he said. "But even if they're hiding and you don't see one, it's one of the best walks in the area."
- 3 Spotting a penguin in the Welsh mountains seemed unlikely, but my 11-year-old son was thrilled by the idea of a day spent hunting them. And with that, our daily adventure plans were settled, inspired not by an internet search or guidebook, but by the easy exchange of recommendations that happen so often in the communal spaces of hostels.
- 4 Initially, my suggestion to try staying at a hostel had been met with scepticism. My husband, haunted by memories of school trips, imagined depressing dormitories with creaking iron beds and draughty communal spaces, while our sons (one teen and one tween) were unenthusiastic about shared living spaces and polite chit-chat.
- 5 Still, I was eager to give it a go. Lately I'd begun to feel uninspired by holidaying in the UK. Endless scrolling through lists of private rentals was exhausting and very expensive. Seclusion, it seemed, had become highly prized. Yet I found myself thinking back to childhood memories of hostel holidays: communal dinners filled with laughter and nights spent tearing around with other kids. It made me wonder why privacy was so coveted.
- 6 First established in the UK in the 1930s to provide cheap accommodation, especially for young travellers, while also encouraging outdoor activities and socialising, their main purpose has changed little over time. What has changed are the standards and the demographics. Today, private rooms are commonplace, and guests range from solo travellers and students to families, couples and groups of friends.
- 7 To my delight, standards at The Rocks were exceptional: bright and stylish interiors ran throughout, with wooden furniture and colourful cushions. The fire in the shared lounge added warmth, while outside firepits allowed for stargazing and marshmallow toasting. Upstairs, our snug private family room was cosy and warm, with comfy mattresses and Welsh woollen blankets. Even my luxury-loving eldest son was impressed.
- 8 But what about the social element? Would this be an opportunity to meet like-minded people, or just a series of awkward encounters? I needn't have worried. Conversations flowed easily between guests, whether cooking dinner in the kitchen, eating together, or gathering around the fire. New friendships formed quickly.
- 9 After our daily adventures, we looked forward to returning and sharing our experiences. I picked up tips on thermal gloves from an army nurse who shared my despair over cold fingers, and talked 90s rave music with a couple from Spain. The children made friends instantly. There was no pressure to socialise—some guests dipped in and out—and that flexibility was part of the appeal.
- 10 After a challenging few years through Covid, hostelling is enjoying a quiet recovery. According to Sam Dalley, founder of the Independent Hostels network, hostelling is "in better health than ever", with more hostels now than at the height of the youth hostel movement in the 1950s.
- 11 With places such as The Rocks combining comfort with affordability, privacy with community, the future looks bright for British hostelling.
- 12 As we hiked up Moel Siabod, I felt deeply satisfied. The trip had sparked an appreciation for something which I hadn't realised our holidays were missing; a sense of community. From now on, hostels will be my go-to for adventures like this, rather than the closed doors of private rentals. We never did see the penguins, but who knows what adventures our next hostel stay may lead to?

## 'Mingling is part of the adventure': a family trip to Wales shows why hostels are booming

### Level 2: Intermediate

#### 3 Comprehension check

a. Answer the questions using information from the article.

1. What do hostels offer that private rentals don't?
2. Which animal does she think is unlikely to be found in Wales?
3. At first, what did the writer's family think of the idea of staying in a hostel?
4. When were hostels first established in the UK?
5. Was the social aspect better or worse than the writer expected?
6. Who did the writer speak to in the hostel?
7. What did the kids do until bedtime?
8. What is the state of hostelling today?
9. Will the writer stay in a hostel again?

#### 4 Key language

a. Find sentences in the article that have the same meaning as the sentences below.

1. Hostels now provide home comforts. Private rentals can never match those home comforts.

---

---

2. Head up Moel Siabod to the lake. The penguins are at the lake.

---

---

3. Our daily adventure plans were inspired by an easy exchange of recommendations. Recommendations like this happen very often in the communal spaces of hostels.

---

---

## 'Mingling is part of the adventure': a family trip to Wales shows why hostels are booming

### Level 2: Intermediate

4. I picked up tips on thermal gloves from an army nurse. She was sharing my despair over cold fingers.

---

---

5. The trip sparked an appreciation for a sense of community. Until then, I hadn't realised our holidays were missing it.

---

---

- b. Complete the table with the relative pronouns. Then finish the examples in the final column.

where	who	which
-------	-----	-------

Relative pronoun	Used for	Example
1. _____ or that	People	He was the man _____ helped to find my dog.
2. _____ or that	Things	That's exactly the necklace _____ I wanted!
3. _____	Places	Paris, France is _____ proposed.
4. When	Time	Seven o'clock is when I _____

- c. Rewrite the sentences below using a defining relative clause.

Example: *I met a woman. She works at the hostel.*

*I met a woman who works at the hostel.*

1. This phone has a battery. Other models can't match it.

---

2. We stopped at a café. You can charge your laptop there.

---

## 'Mingling is part of the adventure': a family trip to Wales shows why hostels are booming

### Level 2: Intermediate

3. Our decision was based on advice. People shared the advice during the meeting.

---

4. I spoke to a neighbour. He understood my frustration.

---

5. It was dinner time. I realised my fridge was broken.

---

### 5 Discussion

a. Discuss these statements.

- When I travel, I like to stay in places where I can enjoy my privacy.
- When I travel, I like meeting people who are different from me.
- I wouldn't like to stay in a place where I had to share a kitchen.
- I prefer recommendations that other people give me.

### 6 In your own words

a. In groups, design your ideal holiday experience in the British countryside and prepare to present it to the class using whatever visual aids you think will be helpful. Consider:

- Where you will stay
- When you will go
- Who you will stay with
- What you will do
- Whether it will be a private or communal experience

b. Present to the class and argue why this would be your ideal experience.
