A.

### WELCOME TO RAPA NUI, THE NAVEL OF THE WORLD!

Rapa Nui is also known as Easter Island because the first time European sailors saw it was on Easter Day in 1722. It is more than 3,000 kilometres from the next nearest landmass. This makes it one of the most remote tourist destinations in the world! But flying to Rapa Nui from Chile is simple. Marvel at the impressive stone Moai standing along the coast looking out to sea and admire the fascinating rock carvings. We guarantee you'll have an experience you will remember for the rest of your life.

*What do rabbits – or, more precisely, bunnies – have to do with Easter? Well, it seems that they are a symbol of fertility and life. Easter is in the springtime, which is also the time when new life begins – flowers bloom, leaves appear on trees and lambs are born in the fields. There is one very odd tradition in parts of the US, where people make nests for the rabbits (or hares) so they can lay eggs! Apparently, the tradition originated in Germany and was taken across by immigrants.*
